

**Grants currently held which inform research at the Centre for Kidney Research, Children's Hospital at Westmead.**

**Source: National Health & Medical Research Council (NHMRC)**

- 2008-2012 NHMRC Project Grant No 512248  
(Total: \$1,738,125)  
Antecedents of renal disease in Aboriginal children and young adults – 12 years follow-up  
CIs: **Craig J, Hodson E**, Lyle D, **Yarnold D, Roy P, Haysom L**  
5 years (2008 - \$347,625; 2009 - \$347,625; 2010 - \$347,625; 2011 - \$347,625; 2012 - \$347,625)
- 2007-2011 NHMRC Capacity Building Grant in Population Health No. 457281  
(Total: \$2,465,750)  
Improving population health by a multidisciplinary, multi-method focus kidney disease of the young, the old, and of Indigenous Australians  
CIs: **Craig J**, Cass A, Irwig L, Chadban S, McDonald S, Devitt J, Macaskill P, Jones M, Howard K, Salkeld G  
5 years (2007-2011)  
(2007 - \$376,250; 2008 - \$568,000; 2009 - \$568,000; 2010 - \$568,000; 2011 - \$385,500)
- 2006-2010 NHMRC Program Grant No. 402764  
(Total: \$6.44 million over 5 years)  
Screening and Test Evaluation Program (STEP) – Renewal Program Grant  
CIs: Irwig L, **Craig J**, Salkeld G, Macaskill P. PI: McCaffery K.  
(2006 - \$1,288,000; 2007 - \$1,288,000; 2008 - \$1,288,000; 2009 - \$1,288,000; 2010 - \$1,288,000)
- 2006- 2007 NHMRC Project Grant ID No. 402715  
ARDAC [Antecedents of Renal Disease in Aboriginal Children]  
CIs: **Hodson E, Roy P**, Lyle D. AI: **Craig JC**.  
Total funding: \$280,000
- 2005-2009 NHMRC Aboriginal and Torres Strait Islander Research *A Healthy Start to Life* initiative (\$2,043,110 total) – 5 years (ID 358457)  
SEARCH – Study of Environment on Aboriginal Resilience and Child Health  
**Craig J**, Taylor R, Bailey S, Banks E, Cass A, Clapham K, Daniels J, Eades S, Kippax S, McIntyre P, Parker A, Raphael B, Redman S, Vincent F
- 2005-2010 Australasian Kidney Trials (AKT) Network – ID 338800  
NHMRC Enabling Grant (\$1,290,000) – 5 years  
Hawley C, Kerr P, Hoy W, Nicol D, Cass A, Beller E, **Craig J**

2003-2007 NHMRC Centre of Clinical Research Excellence in Renal Medicine, Grant No. 219277 (\$2,000,000 total) – 5 years  
**Craig JC**, Harris DCH, O'Connell P, Walker R, Chadban S, Atkins RC, Irwig L

- 2008-2009 ARDAC second phase study – Antecedents of Renal Disease in Aboriginal and Non-Aboriginal Children and Young Adults (a 12-year follow-up study) – Grant No. 2008-009  
 Granting body: The Financial Markets Foundation for Children (\$134,684) – 2 years  
 30/6/08 - \$33,671, 30/12/08 - \$33,671, 30/6/09 - \$33,671, 30/12/09 - \$33,671  
 Chief Investigator: **Craig J**
- 2007 Effects of dose of erythropoiesis stimulating agents on cardiac-cerebrovascular outcomes and quality of life in hemodialysis patients, the DOSe of Erythropoietin (DOSE) trial  
 Granting body: Agenzia Italiana del Farmaco (A.I.F.A., Italy, 2007)  
 Funding requested: €2.6 Million (approved)  
 Chief Investigators: Strippoli G, Tognoni G, Triolo G, Procaccini DA, Alloatti S, Nicolucci A, **Craig JC**.
- Sept 2006- Agenzia Italiana del Farmaco (AIFA)-Italy (Rome, Via della Sierra Nevada 60, CF 2009 97345810580, PI 09703841000)  
 Cardio-renal effects of renin angiotensin system inhibition in cardio-renal patients: comparative randomized trial of angiotensin converting enzyme inhibitors, angiotensin receptor blockers or their combination in patients with one or more cardiovascular risk factors, screen positive for proteinuria, diabetic or not diabetic and with mild/moderate impairment of renal function. The cardio-renal protection trial".  
**Amount of funding:** 2,250,000.00 euros for 3 years  
**Principal Investigator:** Giovanni Strippoli  
**Co-investigators (Steering Committee):** Jonathan C Craig, Antonio Nicolucci, Fabio Pellegrini, Giovanni Tognoni, Giuseppe Palasciano, Loreto Gesualdo
- 2005-2008 Commonwealth Department of Health & Aged Care (\$240, 000)  
 Funding for Australian based Cochrane Collaboration activities: the Cochrane renal group.  
**Craig JC**
- 2005-2007 The Financial Markets Foundation for Children (\$87,000 total)  
 ARDAC follow up (Antecedents of Renal Disease in Aboriginal Children)  
**Hodson E, Craig J**

## Grants held previously

### Source: National Health & Medical Research Council (NHMRC)

- 2003- 2005 NHMRC Project Grant 301999 ((\$723,375 total) – 3 years (2004-\$226,125, 2005-\$226,125, 2006-\$271,125)  
A randomized placebo-controlled trial of antibiotics to prevent urinary tract infection in children  
**Roy LP**, Carapetis J, Reynolds G, Simpson S, **Hodson E**  
Associate Investigators: **Craig JC**, Irwig L
- 2002-2006 NHMRC Project Grant 211146 (\$741,500 total) – 3 years  
The IDEAL trial – initiating dialysis early and late  
DCH Harris, CA Pollock, AH Harris, A Rodgers, **JC Craig**
- 2002-2006 NHMRC Program Grant 211205 (original grant: \$4,950,000. From 2004 after P Glasziou's departure to UK the grant reduced to \$4,569,682)  
Screening and Diagnostic: accuracy, outcomes and informed decision-making  
(2002 - \$990,000; 2003 - \$990,000; 2004 - \$990,000; 2005 - \$990,000; 2006 - \$990,000) – Original Funding  
*New funding after P Glasziou's departure in late 2003:*  
2004 - \$947,742.56; 2005 - \$820,970.28; 2006 - \$820,970.28  
Irwig L, Glasziou P, **Craig J**, Barratt A, Salkeld G, Macaskill P
- 1999-2001 NHMRC Project Grant 990735 (\$454,816)  
A randomised controlled trial of antibiotics for the prevention of urinary tract infection in children.  
**Craig JC**, Irwig LM, **Knight JF**, **Roy LP**, Simpson J, Smith G
- 1998 NHMRC Project Grant 980507 (\$136,958)  
A randomised, placebo-controlled, double blind trial of chemoprophylaxis in children with isolated vesicoureteric reflux  
**Craig JC**, **Roy LP**, **Knight JF**, **Hodson EM**, Irwig L.
- 1995-1997 NHMRC Project Grant 951015 (\$195,300 total)  
A randomised, placebo-controlled, double blind trial of chemoprophylaxis in children with isolated vesicoureteric reflux  
**Roy LP**, **Knight JF**, Irwig L, **Hodson EM**, **Craig JC**
- 1995-1997 NHMRC Project Grant (\$150,000 total)  
Urinary tract infection in children - a cohort study  
**Roy LP**, **Knight JF**, **Craig JC**.
- 1995-1996 NHMRC Medical Postgraduate Research Scholarship

## Other Sources

- 2005 Kidney Health Australia (\$93,500)  
A study of the economic impact of the burden of kidney and urinary tract disease in Australia  
Cass A, Salkeld G, **Craig J**, Chadban S, McDonald S
- 2004-2005 Financial Markets Foundation for Children (\$110,000 for 2004 and 2005)  
Outcomes of children: Urinary tract infection and continence maturation (The OUTCOME): A population-based cohort study (143-2004)  
**Craig JC**
- 2003-2004 Commonwealth Department of Health and Aged Care (\$150,000)  
Category 1 funding for the Cochrane Renal Group  
**Craig JC**
- 2003-2004 The Financial Markets Foundation for Children 2003-2004 (\$90,400 total)  
A randomized placebo controlled trial of antibiotics to prevent urinary tract infection in children – PRIVENT (Melbourne arm).  
Carapetis J, **Craig J**.
- 2002-2006 AHMAC Priority Driven Research 2002-2006 (\$500,000 total).  
The IDEAL trial – (CID -4%)  
DCH Harris, CA Pollock, AH Harris, **JC Craig**, A Rodgers
- 2002-2003 Commonwealth Department of Health & Aged Care (\$150,000)  
Category 1 Funding for the Cochrane Renal Group  
**Craig JC**
- 2002-2003 Clive and Vera Ramaciotti Foundation Medical Research Grant 2002-2003 (\$15,000 total)  
A population based study of daytime urinary incontinence and urinary tract infection in school aged children.  
**Craig JC**, Hodson E
- 2000-2001 Consultative Committee on Diagnostic Imaging. Commonwealth Department of Health and Aged Care 2000-2001. (\$94,000 total).  
Critical appraisal of diagnostic imaging in children with urinary tract infection.  
**Craig JC**, Howman-Giles R, Irwig L, Viney R
- 2000 Cochrane Child Health Bursary Fund (\$8,600)  
Growth hormone in children with chronic renal failure - a systematic review.  
**Vimalachandra D, Craig JC**, Cowell C, **Knight JF**

- 2000 Children's Hospital Fund-Small Grants Scheme (\$6,950)  
Growth hormone treatment in children with chronic renal failure - a meta-analysis of randomised controlled trials.  
**Vimalachandra D, Craig JC, Cowell C, Knight JF**
- 2000 Australian Kidney Foundation Medical Research Seeding Grant (\$15,000)  
Randomised controlled trials in nephrology: are more and better needed?  
**Craig JC, Wheeler D, Irwig L.**
- 1999 Australian Kidney Foundation Medical Research Seeding Grant (\$15,000)  
Systematic reviews in childhood kidney disease  
**Craig JC, Roy LP, Hodson EM, Lewis D, Irwig L, Wheeler D.**
- 1999 Australian Kidney Foundation Medical Research Seeding Grant (\$15,000)  
Childhood nephrotic syndrome in Australia: A study of the Australian and New Zealand Paediatric Nephrology Association through the Australian Paediatric Surveillance Unit.  
Hodson EH, **Craig JC**, Willis N.
- 1999 Australian Kidney Foundation  
\$12,500  
A feasibility study of the early detection and treatment of renal disease by mass screening.  
Barratt A, **Craig J**, Cumming R, Irwig L, Salkeld G.
- 1995-1997 Children's Hospital Fund Annual Research Grant Scheme (\$60,000 total)  
A randomised, placebo-controlled, double blind trial of chemoprophylaxis in children with isolated vesicoureteric reflux  
**Roy LP, Knight JF, Irwig L, Hodson EM, Craig JC**
