

Publications before 1996 by CKR Researchers

[1990-1995](#) | [1980-1989 - 1980](#) | [1967 - 1979](#)

The Centre for Kidney Research was founded in 1996. However researchers working at the Centre had of course been active in medical research for many years before they were brought together in a formal structure. Below can be found a listing of some of the papers published by members of the Centre for Kidney Research team in the years before the Centre was founded.

1990 -1995

Cowell CT, Lu P, Lloyd-Jones S, Briody J, Allen JR, Humphries IRJ, Reed E, Knight JF, Howman-Giles R, Gaskin K. Volumetric bone density - a potential role in paediatrics. *Acta Paediatrica Supplement* 1995;19:310-312

Elliott E, Henning P, Hogg G, Knight JF, O'Loughlin E, Powell H, Redmond D, Robins-Browne R. Haemolytic uraemic syndrome in Australia. *Communicable Diseases Intelligence* 1995; 19:310-312

Falk MC, Ng G, Zhang GY, Fanning GC, Roy LP, Bannister KM, Thomas AC, Clarkson AR, Woodroffe AJ, Knight JF. Infiltration of the kidney by alpha-beta and gamma-delta T-cells: effect on progression in IgA nephropathy. *Kidney International* 1995;47:177-185

Hodson EM. Urinary tract infections in children. *Current Therapeutics* 1995; 36(5): 79-83

Knight JF, Falk MC, Ng G, Artlett CM, Fanning GC, Roy LP. IgA nephropathy: immunogenetic studies on Australian patients. *Contributions to Nephrology* 1995;111: 18-23.

Morris J, Ellwood D, Kennedy D, Knight JF. Amniotic alpha-fetoprotein in the prenatal diagnosis of congenital nephrotic syndrome of the Finnish type. *Prenatal Diagnosis* 1995;15:482-485

Roy LP. Survey on developmental-behavioural training experiences of Australian paediatric advanced trainees. *Journal of Paediatrics and Child Health* 1995;31:362-4

Stewart JH, Hodson EM. Age-related differences in susceptibility of males and females to end-stage reflux nephropathy. *Clinical Nephrology* 1995;43:165-8

Waters K, Howman-Giles R, Lam A, Roy LP, Knight JF. Demonstration of hepatic involvement in infantile polycystic kidney disease with hepatobiliary scintigraphy. *Clinical Nuclear Medicine* 1995;20:892-895

Baur LA, Knight JF, Gaskin KJ. Total body nitrogen in children with chronic renal failure and short stature. *European Journal of Clinical Nutrition* 1994, 48, 433-441

Craig JC, Grigor WG, and Knight JF. Acute obstructive uropathy - a rare complication of circumcision. *European Journal of Pediatrics* 1994;153:369-371

Craig JC, Hodson EM, Martin HC. Phosphate enema poisoning in children. *Medical Journal of Australia* 1994;160:347-51

Falk MC, Ng G, Zhang Y, Chapman JR, Roy LP, Knight JF. T-cell receptor V gamma and V delta gene expression in serial renal allograft biopsies. *Transplantation Proceedings* 1994;26:10-12.

Falk MC, Ng G, Zhang GY, Fanning GC, Roy LP, Kamath R, Knight JF. T-cell V gamma and V delta repertoire in coeliac disease biopsies. *Annals of the New York Academy of Sciences* 1994.

Falk MC, Ng G, Zhang GY, Fanning GC, Kamath KR, Knight JF. Predominance of T cell receptor V 3 in small bowel biopsies from coeliac disease patients. *Clinical and Experimental Immunology* 1994;98:78-82

Falk MC, Knight JF, Roy LP, Wilcken B, Schell DN, O'Connell AJ, Gillis J. Continuous venovenous haemofiltration in the acute treatment of inborn errors of metabolism. *Pediatric Nephrology* 1994;8:330-333

Hodson EM. Hypertension in Children. *Modern Medicine* 1994; 37(8):101-8

Mackie FE, Roy LP, Stevens M. Onset of leukaemia after levamisole treatment for nephrotic syndrome. *Pediatric Nephrology* 1994;8:527-8

Tam JC, Hodson EM, Choong KK, Cass DT, Cohen RC, Gruenewald SM, Hayden LJ. Postnatal diagnosis and outcome of urinary tract abnormalities detected by antenatal ultrasound. *Medical Journal of Australia* 1994;160:633-7

Baur LA, Allen BJ, Allen R, Cowell CT, Dorney SFA, Knight JF, Gaskin KJ. Total body nitrogen in idiopathic short stature and chronic diseases of childhood. in Ellis KJ and Eastman JD (eds) *Human Body Composition*. Plenum Press, New York, 1993 pp 143-146

Choong KKL, Gruenewald SM, Hodson EM. Echogenic fetal kidneys in cytomegalovirus infection. *J Clin Ultrasound* 1993; 21:128-132

Roy LP. The Australian College of Paediatrics and The Australasian College for Emergency Medicine. Policy statement. Hospital emergency department services for children. *Journal of Paediatrics and Child Health* 1993;29:99-100

Choong KK, Gruenewald SM, Hodson EM, Antico VF, Farlow DC, Cohen RC. Volume expanded diuretic renography in the postnatal assessment of suspected uretero-pelvic junction obstruction. *Journal of Nuclear Medicine* 1992;33:2094-8.

Craig JC, Abbott GD, Mogridge NB. Ceftriaxone for paediatric bacterial meningitis: a report of 62 children and a review of the literature. *New Zealand Medical Journal* 1992;105:441-4

Hodson EM, Antico VF, O'Neill P. Hypertension associated with diffuse small artery calcification: a case report. *Pediatric Nephrology* 1992;6:556-8

Hodson EM, Brown AS, Roy LP, Rosenberg AR. Insulin-like growth factor-1, growth hormone-dependent insulin-like growth factor-binding protein and growth in children with chronic renal failure. *Pediatric Nephrology* 1992;6:433-8

Hodson EM, Kluckow MR, O'Neill P. Clinical quiz. Nail-patella syndrome (hereditary osteo-onychodysplasia). *Pediatric Nephrology* 1992;6:314-6

Falk MC, Zhang Y, Ng G, Chapman JF, Roy LP, Knight JF. T-cell antigen receptor V beta gene expression in rejecting renal allografts. *Transplantation Proceedings* 1992, 24, 2245-2247

Roy LP. Quality assurance and total quality management. *Medical Journal of Australia* 1992;157:572

Stalens JP, Falk MC, Howmann-Giles R, Roy LP. "Milky" urine--a child with chyluria. *European Journal of Pediatrics* 1992;151:61-2

Knight JF. Urinary tract infections. *Current Opinion in Pediatrics* 1991;3:42-46

Williams GD, Rossleigh M, Rosenberg AR, Kainer G, Hodson EM, Farnsworth RH. Abnormal cortical appearances in pediatric renal allografts. *Journal of Nuclear Medicine* 1991;32:1542-4

Crawford BA, Roy LP, Knight JF. Hyperglycaemia complicating haemolytic uraemic syndrome. *Journal of Paediatrics and Child Health* 1990;26:225-226

Hodson EM, Knight JF, Sheil AGR, Roy LP, Harris JP, Rogers JR, Stephen MS, Boulas J, Thompson JF, May J. End-stage renal failure in children: 16 years' experience at one Australian centre. *Medical Journal of Australia* 1990;152:245-250

Funder JW, Pearce PT, Myles K, Roy LP. Apparent mineralocorticoid excess, pseudohypoaldosteronism, and urinary electrolyte excretion: toward a redefinition of mineralocorticoid action. *FASEB Journal* 1990;4:3234-8

Knight JF. The rheumatic poison: a survey of some published investigations of the immunopathogenesis of Henoch-Schonlein purpura. *Pediatric Nephrology* 1990;4:533-541

Pryor W, Hodson E, McIntyre P and Bettelheim KA. Toxigenic escherichia coli in haemolytic-uraemic syndrome. *Med J Aust* 1990; 152:221

1989 - 1980

Barrera M, Roy LP, Stevens M. Long-term follow-up after unilateral nephrectomy and radiotherapy for Wilms' tumour. *Pediatric Nephrology* 1989;3:430-2

Harada T, Hobby P, Courteau M, Knight JF, Williams DG. Charge distribution of plasma IgA in IgA nephropathy. *Clinical and Experimental Immunology* 1989;77:211-214

Hodson EM, Knight JF, Roy LP. Cyclosporin A as sole immunosuppressive agent for renal transplantation in children: effect on catch-up growth. *Transplantation Proceedings* 1989;21:1687-1692

Ruggeri ZM and Hodson EM. Use of murine monoclonal antibodies to determine platelet membrane glycoprotein structure and function. In *Platelet Immunology*. Edited by Thomas J Kunicki and James N George, JB Lippincott Co., Philadelphia, 1989, pp235-54

Bye AME, Hodson E, Kewley G and Kozlowski K. Progressive diaphyseal dysplasia and a low muscle carnitine. *Pediatric Radiology* 1988; 18: 340

Demaine AG, Rambašek M, Knight JF, Williams DG, Welsh KI. Relation of mesangial IgA glomerulonephritis to polymorphism of immunoglobulin heavy chain switch region. *Journal of Clinical Investigation* 1988;81:611-614

Knight JF, Harada T, Thomas MAB, Frampton G, Savage COS, Chantler C, Williams DG. IgA rheumatoid factor and other autoantibodies in acute Henoch Schonlein purpura. *Contributions to Nephrology* 1988;67:117-120

Liounis B, Roy LP, Thompson JF, May J, Sheil AG. The living, related kidney donor: a follow-up study. *Medical Journal of Australia* 1988;148:436-7,440-4

McDonald DT, Roy LP. Micro-angiopathic haemolysis, thrombocytopenia and nephrotic syndrome associated with membranous nephropathy in a Vietnamese boy. *Australian Paediatric Journal* 1988;24:311-3.

Roy LP. Blood pressure levels in children. *Medical Journal of Australia* 1988;149:117

Roy LP. Drug therapy in childhood hypertension. *Indian Journal of Pediatrics* 1988;55:359-71

Bergin M, Menser MA, Procopis PG, Roy LP, Shaw PJ, Stevens MM. Central nervous system toxoplasmosis and hemolytic-uremic syndrome. *New England Journal of Medicine* 1987;317:1540-1

Howman-Giles R, Uren R, Roy LP, Filmer RB. Volume expansion diuretic renal scan in urinary tract obstruction. *Journal of Nuclear Medicine* 1987;28:824-8

Niya K, Hodson E, Bader R, Byers-Ward V, Koziol JA, Plow EF and Ruggeri ZM. Increased surface expression of the membrane glycoprotein 11b/111a complex induced by platelet activation. Relationship to the binding of fibrogen and platelet aggregation. *Blood* 1987; 70: 475-483

Suthers GK, Roy LP, Stevens MM. Control of nephroblastoma: associated hypertension and polydipsia by captopril. *Australian Paediatric Journal* 1987;23:245-6

Williams DG, Perl SJ, Knight JF, Harada T. Immunoglobulin production in vitro in IgA nephropathy and Henoch Schonlein purpura. *Seminars in Nephrology* 1987;4:322-4

Hall BM, Tiller DJ, Horvath JS, Duggin GG, Johnson JR, Roy LP, Hurley B, Harris JP, Rogers JF, Stephen MS et al. Treatment of renal transplantation rejection.
