THIRD INTERNATIONAL CLINICAL TRIALS SYMPOSIUM 2007; SEPT 25; SYDNEY

Invited as Facilitator of the Focus Group on Paediatric Trials.

Outline: Clinical trials in children present special challenges - heterogenous ages and drug handling, limited commercial interest, consent by proxy (parents and caregivers), rare diseases. This focus group will summarise recent International developments which are facilitating clinical trial conduct in children, and practical aspects of recruitment, design and conduct in this challenging population group.
